DIARY NOTES

DD/S

20 February 1967

1. Columbia University: Regarding the sit-in demonstration pertaining to our recruiters at Columbia University, it was thought that we should write a letter to Dr. Grayson Kirk, President of the university. It has now been decided that Mr. Helms will personally speak to Mr. Kirk when they meet at the end of March at a previously scheduled meeting. Personnel has been advised that no further action on a draft letter is necessary.

2. Report: I volunteered to Colonel White to prepare some charts outlining the findings and proposals of the Report so as to resolve this issue and get concurrence of all the Deputy Directors. Logistics has prepared such charts and a meeting has been arranged for Monday, March 6 and hopefully we can conclude the findings of this report.
